Student Competition & Award

The Father's Day Hong Kong Students Public Speaking Competition 2021

「第二屆父親節全港學生一分鐘演說比賽2021」

5 Jul 2021

Over 100 entries were received from secondary schools and IVE students for the competition. 14 winners, their family members, classmates and teachers attended the Award Ceremony for the Father's Day Hong Kong Students

Public Speaking Competition 2021 held in IVE(LWL) on 5 July 2021. The competition has been held annually since 2020 and it is a great platform for students to improve public speaking skills and to express their love to fathers.

Participants of the Award Ceremony spread the message 'Daddy, please don't let go!' 「爸爸請你同行不放手」

Virtual Exchange between ITE, Singapore and IVE (KT)

12 Aug 2021

Virtual Exchange between Institute of Technical Education (ITE), Singapore and IVE (KT) was held on 12 August 2021. The event was a hybrid event with IVE students presenting in-person in IVE(KT) campus while ITE students and teachers attending online.

The students have worked on the Virtual Exchange activities since May 2021. They participated in the Virtual Collaborative Project and Video Competition for demonstrating the ideas in the topics of "Keeping Fit through Smartphone" in the project and "My Home" in the video competition. They applied problem solving and video production skills in the event to enhance global cultural exposure.

6th Joint University Investment Game by I-Access Group Limited

13 Sep 2021

Both HD in Banking and Finance and HD in Banking and Financial Analysis students have participated in the "6th Joint University Investment Game" organized by I-Access Group Limited. Each participant has been assigned an investment account to invest in different market segments such as stocks, warrants, index futures, etc. The students can have an opportunity to learn more about investment and to apply what they have learned in their modules in the simulation investment game.

Design Thinking for Employee Experience by Hong Kong People Management Association

12 Aug 2021

Employee Experience (EX) explores staff experiences encountered with their companies, from recruiting, onboarding to career path development and off-boarding. To keep the employees engaged, HR practitioners need to focus on the entire employee experience through the mindset, skillset, and toolset of Design Thinking.

The speakers used Design Thinking to create a WOW employee experience in the webinar. This is an excellent opportunity for students from HD in Human Resources and Talent Analytics to visualize the new tools of implementing HR strategies.

Guest speakers conducted the workshop for HD in Human Resources and Talent Analytics students

Training Workshop - Professional Accountant Internship Programme 2021

22 Jul 2021

Professional Accountant Internship Programme 2021 was launched with the support of The Society of Chinese Accountants and Auditors (SCAA). SCAA invited members to provide internship to HD in Accountancy students.

In 2021, around 70 internships were offered by SCAA members. A training workshop was delivered by SCAA trainer for students before the internship.

HR Digitalization Experience Day for Kai Shing Management Services Limited Enlighten Talent, Harness Technology

Participants actively participated in the VR assessment game - VR Bomb Disposal

Participants experienced the assessment game "Who is the murderer?"

16 Jul 2021

HR digital transformation is a hot topic for many HR professionals. With the rapid growth of technologies nowadays, Artificial Intelligence (AI) and Virtual Reality (VR) can be inclusive in various HR functions.

The teaching team of HD in Human Resources and Talent Analytics invited the HR Department from Kai Shing Management Services Limited to experience the AI Video Interview Platform and the VR gamification system as the interview assessment tools. It is a valuable opportunity to drive excellence and exchange HR-field experience. All participants were inspired and impressed by the practicality of the latest tools in HR operations.

Industrial Visit

Visit to the CLP Power Low Carbon Energy Education Centre

15 Sep 2021

Students from HD in Aviation and e-Logistics paid a visit to the CLP Power Low Carbon Energy Education Centre. The staff introduced common types of low carbon energy sources such as wind power, hydro power, solar power and nuclear power to the students and students were given a holistic view on the feasibility of applying renewable energy.

The staff explained the low carbon energy sources to the students
